

# Corporate Memberships

## Reward your employees!

We've created a corporate partnership program that helps local companies offer discounted and subsidized annual memberships to employees.

Make it easier, faster, and more enjoyable for your staff to get to work! Whether it's beating traffic, getting to a meeting, or running a nearby errand, Relay Bike Share is a great alternative to driving. We have options for organizations of all sizes, enabling you to choose a level that matches the contribution you'd like to provide to employees. Bike share is one of the most affordable and rewarding benefits you can provide, helping both you and your employees.

### Benefits of bike share

Obesity costs a company with 1,000 employees \$285,000 per year.

30 minutes of cycling saves each of us \$544 per year in medical costs.

Those who bike to work are 21% less likely to be obese than those who drive.

On average cyclists live 2 years longer than non-cyclists.

15% raise in productivity is seen by those who exercise before work.

Cyclists see a 15% drop in sick days when compared to non cyclists.

### How to get started

#### Pick

Contact us with your preferred level of partnership.

#### Partner

Join forces with Relay!

#### Activate

We'll pass on your discount codes.
